## TMSCA Executive Board meets Dec. 13

The TMSCA Executive Board met in Dallas on December 13, 2024. President Josh Newton presided.

The board reviewed and approved the minutes from the June 1, 2024 meeting.

Shayna Reasoner, treasurer, presented board with a financial Statement of Activity.

Cliff McCurdy, UIL Liaison, reported that at the fall UIL Legislative Council meeting there were no issues with Math or Science Contests. The policy committee is currently looking at how magnet and charter schools are classified and are aware of the concerns that schools have regarding this.

Julie Majewski-Smith, TMSCA Executive Director, gave a membership breakdown – currently 324 schools have renewed their TMSCA memberships and 179 schools have not yet renewed.

Joan Naylor, State Meets Coordinator, said awards will continue to be in separate areas.

The number of adults in the practice room needs to be limited. **One adult per 10 students maximum.**

With a two-week turn-around between the HS State and Middle School State meets, the State registration deadline for Middle School will be backed up

one day – to Wednesday.

QR Code for State Meet Results – preliminary results will be posted into folder when available. The top three teams and top 20 individuals in each event will be posted on paper in grading room. Full results will be available with the QR Code. QR code will be included in the registration packet.

Qualifying scores for the 2025 MS State Meet were set. See graphic.

MS Regional Qualifier sites were approved as presented. See map in newspaper.

The design for the 2025 State Meet T-shirts was discussed and approved. State T-shirts and to order the TMSCA Periodic Table design.

Due to Bill Miller BBQ raising the cost

of meal by 95 cents, the Board increased the meal cost from \$11 to \$12. It's been two years since TMSCA had a price increase.

Practice room space is limited. There will no longer be free adult seats. Student cost for practice rooms will remain \$2 each; there will be a charge of \$3 for each adult.

After a discussion considering the cost of using Square for credit card payments, a motion was made to table accepting credit card payments.

Due to the need for rapid communication at the 2024 MS State Meet, TMSCA will try out an app to address this at the HS State Meet. **It is imperative that an attending sponsor's cell phone number be listed on the school's entry form.**

The next Board meeting was set for March 14, 2025 at 9:30 a.m.

The meeting was adjourned.

**PAYMENT FOR PRACTICE ROOMS SHOULD BE SEPARATE FROM ANY OTHER PAYMENTS BEING MADE FOR THE CHAMPIONSHIP MEET. CHECKS SHOULD BE MADE OUT TO TMSCA.**

FYI:

- **We need to remember that this practice room is not for all adults traveling with your group to use. Space is always premium and should be for the students with as few chaperons as needed in the room, which will allow more schools requesting a practice room to have a better chance of getting one.**
- Your practice room is not guaranteed to be in the building you are testing in.
- More than likely you will be sharing a practice room with more than 1 other school per auditorium.
- Practice rooms cannot be guaranteed until we see that we have enough testing areas.
- Confirmation of receiving your request will be sent. This does not mean you have been granted a practice room. You will be notified about the status of your request after registration closes and all testing rooms have been assigned. Last year I had very few spaces to use for MS Practice Rooms. This year rooms will be assigned by the order I receive them, no exceptions.

## A synopsis of TMSCA's 4 contests

### Number Sense

**Number Sense involves** a 10-minute, 80-question mental math test covering all high school mathematics courses. Shortcuts need to be developed and practiced in order to compete and finish the test.

### Science

This contest challenges students to do a wide range of reading in biology, chemistry and physics, to gain an understanding of the significance of experiments rather than to recall details, to be alert to new discoveries

and information in the areas of science, to gain an understanding of the basic principles as well as knowledge of the history and philosophy of science, and to foster a sense of enthusiasm about how science affects our lives.

### Calculator Applications

This contest includes calculations involving addition, subtraction, multiplication, division, roots, powers, exponential, logarithms, trigonometric functions and inverse trigonometric functions. In addition to straightforward calculation

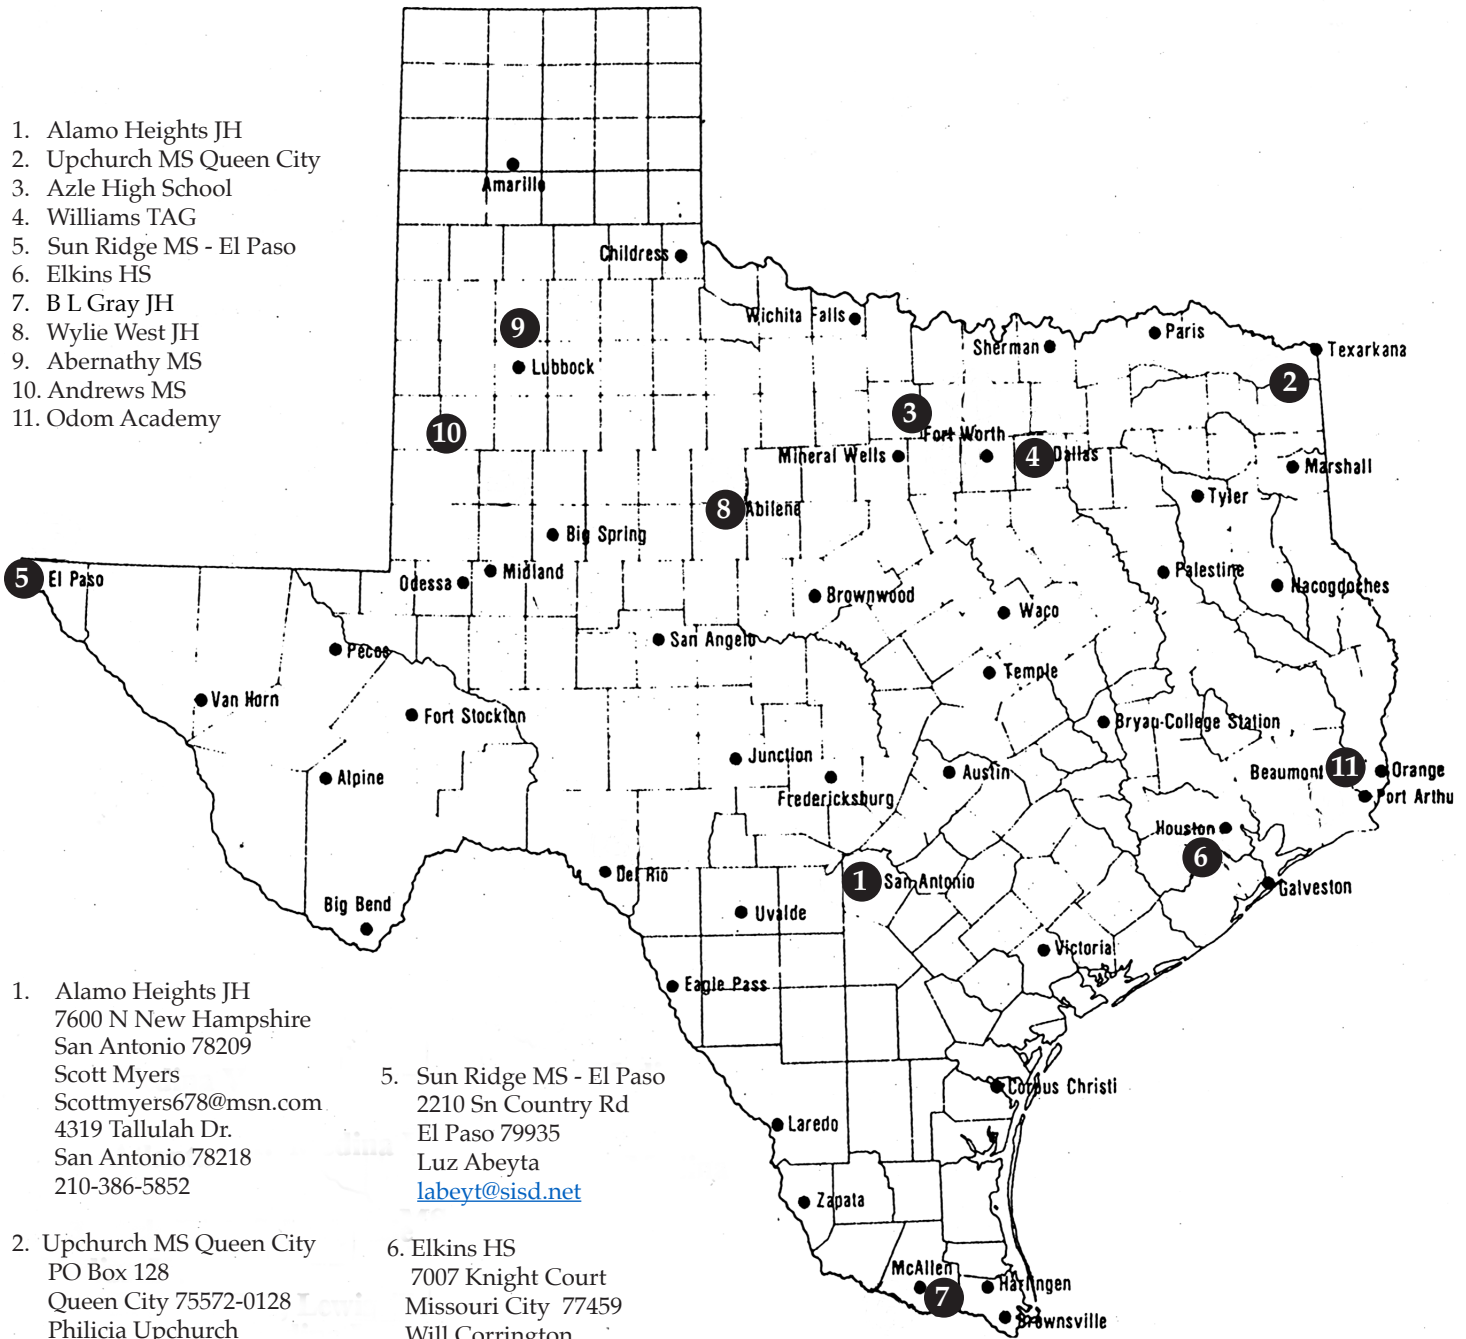

problems, the contest includes geometric and stated problems similar to those found in algebra, geometry and trigonometry textbooks, previous contests and League materials related to the contest.

### Mathematics

This contest is designed to test knowledge and understanding in the areas of algebra I and algebra II, geometry, trigonometry, math analysis, analytic geometry, pre-calculus and elementary calculus.
